# What is Convocation?

(formerly known as Baccalaureate)

- Moving and emotional experience for the students and their families. With weight of worry about grades, college admissions and/or job searches lifted, relief and pride mix to create a lovely and memorable experience for everyone involved.
- The ceremony will include a key note speaker, a student speaker and a faculty speaker chosen by the seniors, as well other performances including vocalists, musicians and dancers.

# History

- Timberlake Church no longer available
- After much research no local venues available that fit the size needs of the event
- Entered into an agreement with Administration to bring Ceremony home to EHS.
- This will be the last opportunity for this senior class and their families to be together at Eastlake

# Committee Update

- Over the last several months the committee has been compiling a list of needs for the event, working with the school to identify equipment already available and what will need to be rented.
- Hired an executive producer for the event as well as a music director who are both working with students now.
- Current needs for the event include: Go to [www.ehspts.org](http://www.ehspts.org)
